

## PROJECT UPDATE

December 7, 2012

Dear Resident/Business Owner:

### **Gas Line Work on North Union Street**

Please be advised National Grid is installing a new gas main down North Union Street to upgrade its system and provide gas services to the new Thompson School. The routing of this new pipe will take place starting at the intersection of Broadway and North Union Street down to the site of the school.

National Grid will start on or around December 4<sup>th</sup> and continue until approximately January 1, 2013. No parking notifications have been posted for areas that are within the work zone. Please be patient while this work is completed, we will work as quickly as possible to create as minimal an impact to the street as possible.

Should there be any questions or complaints about the work please do not hesitate to contact the following personnel:

Mike Starvaski (G&R Construction) - Construction Superintendent - (617) 894-8512

Burt Barachowitz (PMA Consultants) - Owner's Project Representative - (617) 470-6878

Major milestones of the project are available online at [arlingtonma.gov/dpwprojects](http://arlingtonma.gov/dpwprojects) (under Other Projects in Town).

The new school is planned to be completed and open in time for the fall 2013 school year.

Thank you for your continuing cooperation during the construction effort
